PROFESSIONAL SUMMARY

UI/UX Designer and Front-End Developer with 5+ years of experience designing and building user-centered web and mobile applications. Designs end to end in Figma, from UX research, wireframes and prototypes to design systems, then develops the interfaces as responsive React.js components and Progressive Web Apps (PWAs). Brings a working knowledge of WCAG accessibility and usability testing, and bridges design and engineering to deliver consistent, intuitive products.

SKILLS

UX Design: UX Research, Competitive Analysis, Usability Testing, Wireframing, Prototyping, Interaction Design, User Journeys

UI Design: Visual Design, Mobile App Design, Responsive Web Design, Design Systems, Accessibility (WCAG)

Front-End: React.js, JavaScript, HTML, CSS, Bootstrap, Progressive Web Apps (PWA)

Tools: Figma, Adobe Illustrator, Adobe Photoshop

Languages: English, Hindi, Marathi (full professional proficiency)

WORK EXPERIENCE

UI/UX Designer & Developer

Jun 2023 – Jul 2026

Sankalp Computer & Systems Pvt. Ltd. | Pune, India

- Designed user-centered mobile and web app interfaces in Figma and developed them into responsive, scalable front-end components using React.js.
- Built optimized Progressive Web Apps (PWAs) in React.js, taking features from Figma design to production-ready code and improving UI consistency and performance.
- Applied modern UI/UX patterns across products to improve usability, performance and user engagement.
- Recognized as **Rising Star of the Year (2023–24)**.

UI/UX Designer

Jan 2022 – May 2023

Neo Group | Mumbai, India

- Designed and developed Credit and Sales applications that streamlined daily workflows and improved usability for credit and sales managers.
- Partnered with UI/UX designers to maintain design consistency, usability and visual coherence across NeoLife product interfaces.
- Worked with front-end developers to improve the design system, making it more scalable and efficient to build with.

UI/UX Designer Intern

Jun 2021 – Dec 2021

GenX Technology | Pune, India

- Supported mobile app design, working with the design team to identify and resolve UX challenges and improve the user journey.
- Conducted user research and competitive analysis to inform UI decisions and improve user engagement.

PROJECTS

Movie Web Application

Personal Project

React.js, JavaScript, Responsive Design, Mock APIs

- Designed and developed a web app for streaming the latest movies and TV shows, with online and offline viewing.
- Built entirely in React.js with dynamic, reusable UI components and responsive layouts.
- Integrated mock APIs to simulate data fetching for movie details, trailers and watchlists.

EDUCATION

Bachelor of Computer Applications (BCA) | Tilak Maharashtra Vidyapeeth, Pune

Jun 2017 – Apr 2020

Diploma in UI/UX Design | Edit Institute, Mumbai

Sep 2020 – Mar 2021
